Answer Key	79
Resources	80

My Farm Booklet

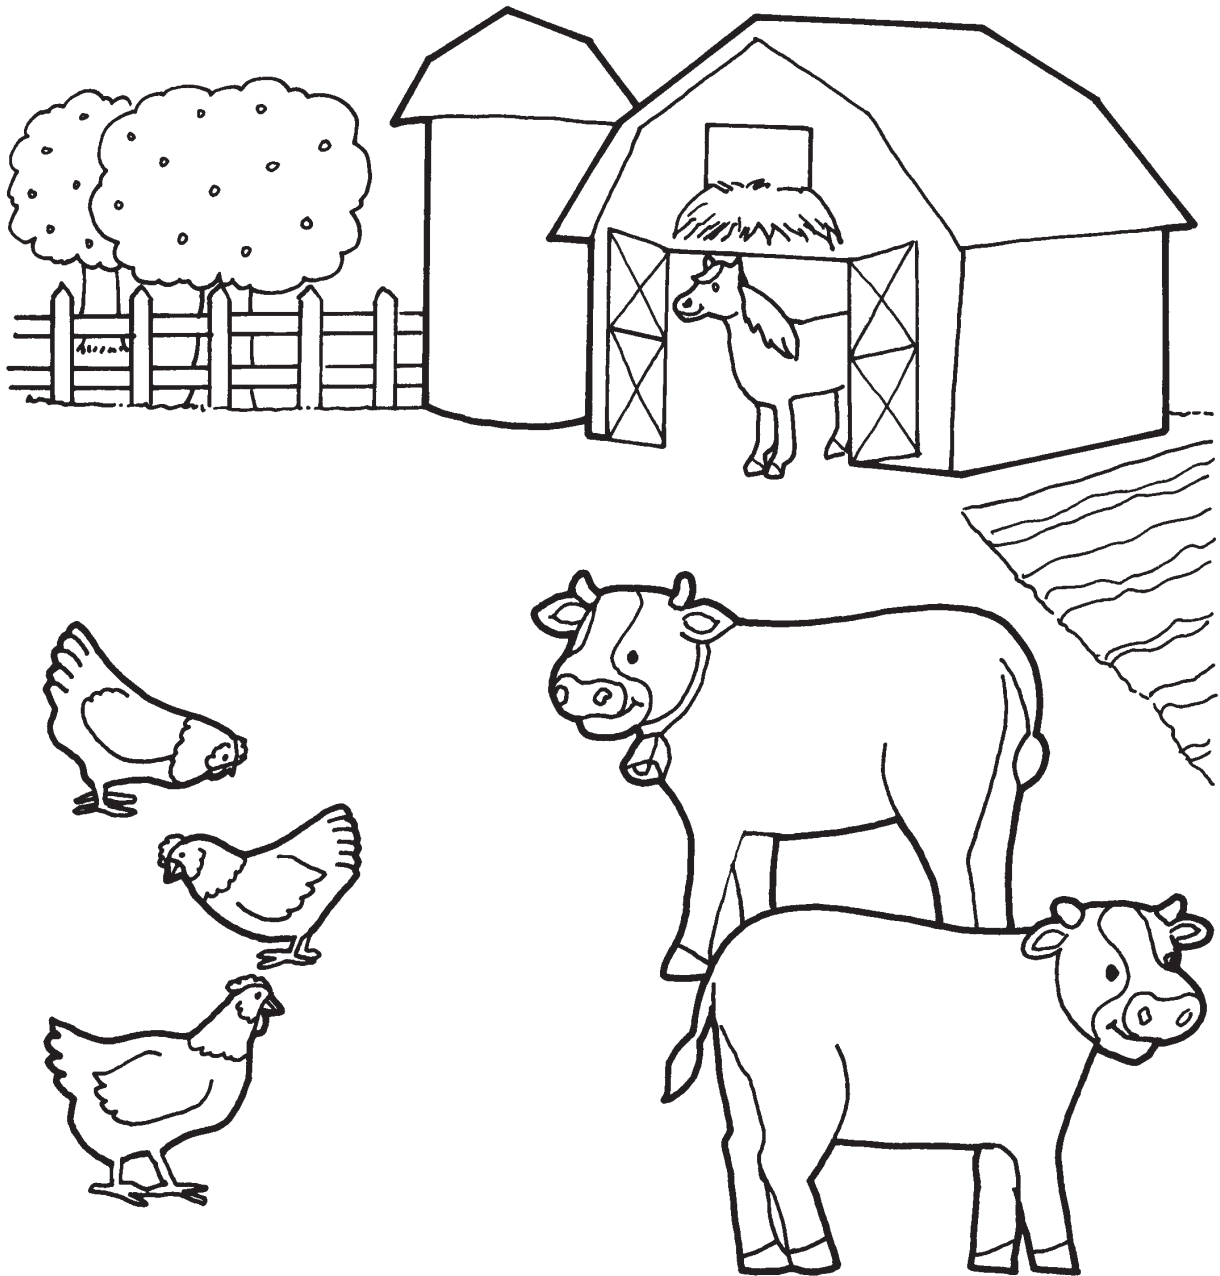

Directions: Reproduce the pages for each child in the class. Let children color the pages and add illustrations for the boldfaced words. Staple them into a book. Give each child a piece of paper cut to size to use to design a cover for his or her book. The children may practice reading and tracking with their completed booklets. This may also be used as a choral reading activity.

Farm Colors

Read and do the following.

1. Draw yellow grain for the hens to eat.
2. Draw black spots on one cow.
3. Draw a brown fence between the cows and the hens.
4. Color the barn red.

How many?
