Synonym or Antonym?

Look at the word pairs. If they are synonyms, color the space red. If they are antonyms, color the space yellow.

In the Pet Store

How many pets are there in each tank? How many are shaded? Write a subtraction number sentence on each line to show how many are not shaded. Read the clues to find out. Then color the creatures that are not shaded.

1.

2.

3.

4.
