Directions for Valentine Alphabet Printable Pages

- In the first section students use their visual discrimination skills to find the correct letter (both uppercase and lowercase) in the box of Valentine chocolates. They can mark the letters with crayons or dot painters. They can distinguish between uppercase and lowercase letters by using one color to mark the uppercase letters and another color to mark the lowercase letters.
- In the bottom section students address Valentine envelopes by tracing the letters on the first envelope and then writing both the uppercase and lowercase letters on the second envelope.
- In the third section students practice beginning sounds, letter sounds by coloring or marking the valentines that have pictures that begin with the featured letter.
