How to Use Pages 7 and 8

"Rhyme Time"

1. Give one copy of page 7 and one copy of the rhyming picture cards below to each child.
2. Discuss the pictures the mouse is holding at the top of the page (*house, mouse*). Have students give examples of other rhyming pairs.
3. Have each child cut out his rhyming picture cards. Ask him to match each card to a picture on page 7 and glue it below the picture. Next, have each child draw a rhyming picture for each of the remaining pictures on the page.
4. Duplicate the nametag on this page for each child and use as desired.
