

# Math Skills & Problem Solving

## Grades 1–3

### Table of Contents

About This Book .....2

How to Use This Book .....2–3

Skills Grid .....4

#### Number Sense

Identifying ordinal numbers to the 20th position .....5–6

Ordering sets of numbers .....7–8

Estimating quantities using benchmarks .....9–10

#### Addition

Adding to 6 .....11–12

Adding to 12 .....13–14

Adding to 18 .....15–16

Adding three or more 1-digit numbers .....17–18

Adding 2-digit numbers .....19–20

Adding three or more 2-digit numbers .....21–22

Adding 3-digit numbers .....23–24

#### Subtraction

Subtraction facts to 6 .....31–32

Subtraction facts to 12 .....33–34

Subtraction facts to 18 .....35–36

Missing addends .....37–38

Subtracting 2-digit numbers without regrouping .....39–40

Subtracting 2-digit numbers with regrouping .....41–42

Subtracting 3-digit numbers with and without regrouping .....43–44

#### Money

Adding money to 99¢ .....25–26

Adding money using dollars and cents .....27–28

Equivalent amounts of money .....29–30

Subtracting money to 99¢ .....45–46

Subtracting money .....47–48

#### Multiplication

Skip-counting .....49–50

Multiplying with 0–4 as factors .....51–52

Multiplying with 5–9 as factors .....53–54

Multiplying with 0–9 as factors .....55–56

Multiplying 2-digit numbers by 1-digit numbers .....57–58

#### Division

Dividing with 0–4 as divisors .....59–60

Dividing with 0–9 as divisors .....61–62

Missing factors .....63–64

#### Fractions

Determining fractional amounts .....65–66

Write About It! .....67

#### Problem-Solving Strategy

Booklet .....68–72

Parent Letter .....73

#### Problem-Solving Steps Mini

Poster .....74

Answer Keys .....75–79
