

Rainy Day Race

Ending punctuation

Instructions:

- Carefully tear out the "Rainy Day Race" file folder center from the back of the book. If desired, laminate the folder for durability.
- Carefully tear out page 39. Cut out the cards. If desired, laminate the cards for durability. Place the programmed cards in a zippered plastic bag. Copy the bag label at the bottom of this page. Tape it to the outside of the bag to help you easily identify the contents and the file folder center to which the bag belongs. (Program the blank cards and use them as replacements when needed. For additional reproducible blank cards, see page 31.)
- Make a class supply of the recording sheet on page 12.
- Use a clothespin or large paper clip to attach the bag to the folder. If desired, place the supply of recording sheets inside the folder.

Name _____

Rainy Day Race

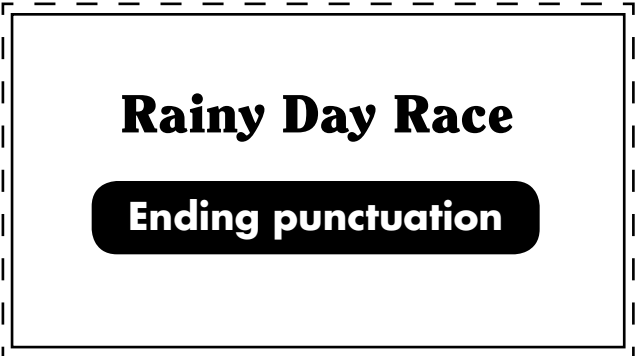

Remove the cards from the purple umbrella on the center. Write each sentence in the chart below. Add the correct ending punctuation. Then turn the cards over to check your answers.

| Sentence Number | Corrected Sentence |
|-----------------|--------------------|
| | |
| | |
| | |
| | |
| | |
| | |
| | |
| | |
| | |
| | |

To Adapt:

To decrease the difficulty level, try this simple adaptation. Make eight copies of the corresponding strip of blank cards on page 31. Cut out the cards. Next, program half the cards with sentences using question marks and periods correctly. Program the remaining cards with sentences using question marks and periods incorrectly. Remember to program the back of each card with "Correct" or "Incorrect" and the sentence with the correct ending punctuation for self-checking. Have each student complete the activity as directed.
