

Find Four

Initial consonants

Materials:

6–8 objects (four that begin with the same letter)
 blank paper
 crayons

A student names each object, stressing the beginning sound. He finds the four objects that begin with the same letter and then writes the corresponding letter in the center of a sheet of paper. He draws a picture of each item that begins with the letter in a separate corner of the paper and then labels each picture.

Flipping Flapjacks

Rhyming

Materials:

tagboard copies of page 83 (one per child)
 spatula
 scissors
 crayons

A youngster cuts out the flapjacks. He reads the word on a flapjack and uses the spatula to flip it over. He writes a rhyming word on the blank side and then draws a matching picture. He repeats the activity with the remaining flapjacks.

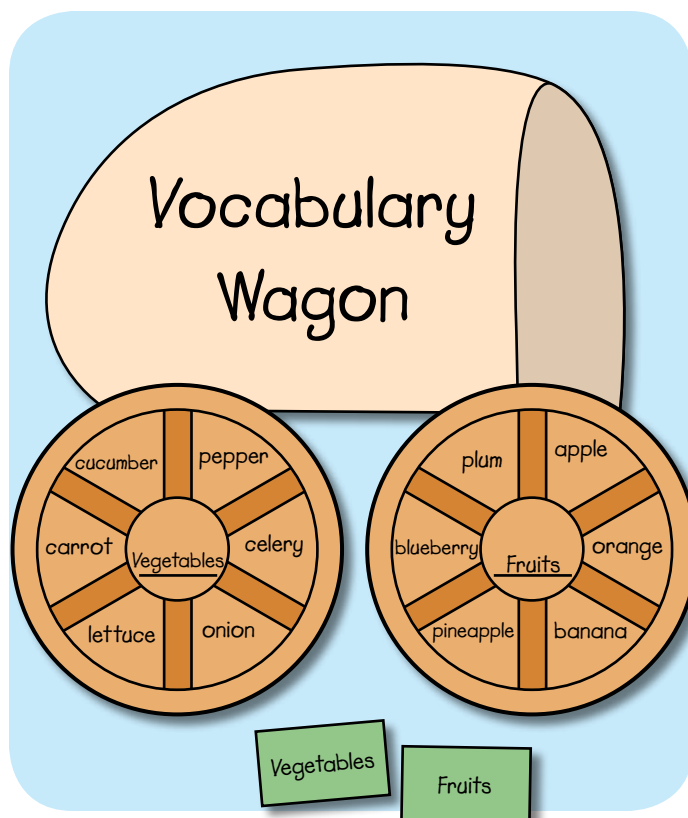

Vocabulary Wagons

Sorting words by category

Materials:

copies of page 101 (two per child)
cards programmed with different categories
construction paper
scissors
glue

A student chooses two category cards and labels each wagon wheel with one of the categories. In the spaces on each wheel, she writes a word from the corresponding category. Then she makes a construction paper wagon, cuts out her wheels, and glues them on the wagon.

A New Egg

Writing a story

Materials:

12" x 18" sheets of construction paper (one per child)
scissors
crayons

A child folds a sheet of paper in half and cuts an egg shape through both thicknesses, leaving the fold intact. On the booklet cover, he draws a picture of a new animal that has hatched from an egg and writes the animal's name. Inside the booklet, he writes about the animal.
