

Perfect Pond

Basic Shapes

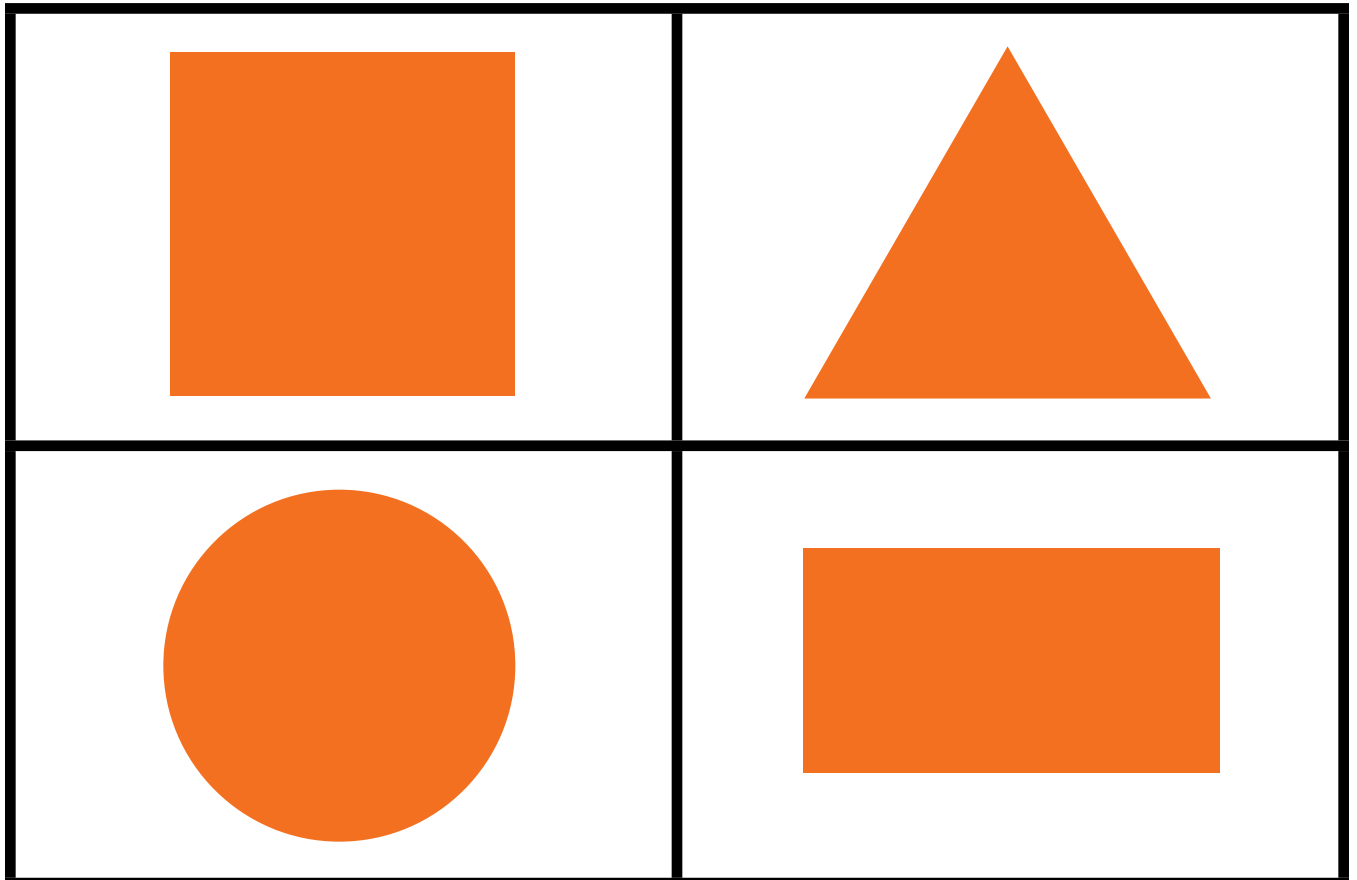

Pages 49–56

Activities

- **For matching shapes**, stack the teacher cards facedown. Turn over the top card. A child puts the student cards on his mat that show the same shape as the teacher card.
- **For sorting shapes**, a child places the student cards on his mat and then sorts the cards by shape.
- **For recognizing shapes**, name a shape in your card set. A child puts the student cards on his mat that show the shape.
- **For identifying shapes**, ask a child to lay four student cards facedown on his mat. He turns over each card and names the shape.

Turn over for more suggestions.
